

ATV Tank Sprayers

We offer a variety of ATV sprayers and accessories. If you don't see what you want here, give one of our sales people a call and we will custom build a sprayer to meet your needs.

The ATV wrap around tank sprayer is our best seller. This unit features a 24 gallon tank, 5 GPM Flowjet pump, 25' spray hose with SS22670 Spray Systems hand wand, pressure regulating valve, pressure gauge, on/off valve, and two adjustable Boom Buster nozzles giving you a 34' spray width without a conventional boom.

Optional 43L Hand Wand
(Pictured)

If you have a need for more capacity, a 16 gallon front mounting tank can be added

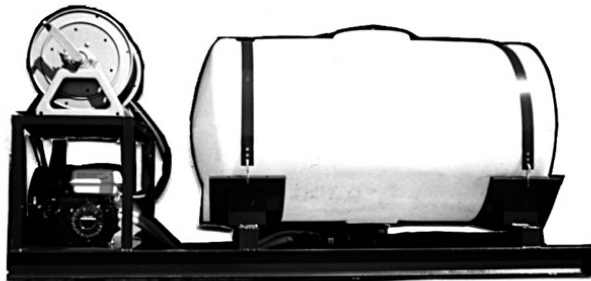

ATV Spot Sprayer

This is our ATV spot sprayer. This unit is available in both 14 and 25 gallon models. They consist of a tank, 25' of spray hose, a SS22670 Spray Systems hand wand, and a Shurflo pump.

AW25-(With a 1.4 GPM pump)
AW25-(With a 3.0 GPM pump)
AW14-(With a 1.4 GPM pump)
AW14-(With a 3.0 GPM pump)

We also have available a 10' conventional boom setup. This boom has two manually folded wings, and can be added to any of our sprayers.
